1. Health & Safety Risk Assessment: Qualitative & Quantitative
2. Chemical Exposure Monitoring: Dust, Gases, Fumes, Vapor, Fibers (Asbestos)
3. Heat Stress Monitoring: Workplace Heat & Personal Heat Exposure
4. Noise Monitoring: Noise Mapping, Personal Noise Exposure & HCP
5. Vibration Study: Hand Arm Vibration (HAV) & Full Body Vibration (FBV)
6. Ergonomics Study & Solutions: Industrial Activities & Office Set up
7. Ventilation Study: IAQ, Dilution Ventilation & Local Exhaust Ventilation
8. Illumination Study: Area Mapping & Effectiveness of Luminaries
9. Respiratory Fit Testing: Qualitative & Quantitative Fit Testing
10. Microbial Monitoring: Legionella, Fungus & Microbes

SAFETY

1. Accident-Incident Prevention & Investigation
 2. ATEX Study - Area Zone Classification / Electrical Zoning
 3. Risk Assessment: QuRA, QnRA, FTA, ETA, HAZOP, FMEA, JAS, PHA
 4. PPE Evaluation: Selection & Effectiveness
 5. Safety Audit: As per Corporate Guideline & IS 14489
 6. LOTO & Machine Guarding: System Development & Implementation
 7. Building Safety Audit - NFPA & NBC
- ENVIRONMENT**
1. Hazardous Waste & Solid Waste Management
 2. ETP / STP Design & Troubleshooting

CORPORATE

1. Sustainable EHS Program "SEP"
2. Integrated Management System (IMS) - OHSAS 18001, ISO 14001 & ISO 9001
3. EHS Function Operations & Support
4. Corporate EHS Audit - 3rd Party
5. EHS Due Diligence

TRAINING

1. Industrial Hygiene, Safety & Environment Training Programs: On site & Off Site
2. Webinars
3. ASP-CSP Certifications Preparations
4. CIH Certification Preparation.

If you feel, your requirement is specific, please provide additional information in following box:

Origin of this inquiry:

Tentative Date of Execution:

Tentative Alloted Budget:

Consideration of Standards & Guideline:

Indian Laws

ACGIH

OSHA

NIOSH

Company Guideline

Do you need specific requirement of CIH/CSP Professional to be involved?

Yes

No

Does this services associated with any legal non compliance or audit points?

Yes

No

Select the Laboratory accreditation :

AIHA Lab

NABL Lab

Local Lab

Kindly provide following information in attachment along with this filled format:

1. Site Lay out

2. Process Description

3. Manpower Distribution

4. List of Chemicals & It's MSDS

For additional information, SEHS will call to discuss inquiry , expected out put and other information.

Send filled format along with required attachment to support@sustainableehs.com
